Foreword

At Brynnau Primary School we fully recognise our duties and responsibilities to eliminate discrimination and promote equality for all learners, employees, members of the school community and service users regardless of protected characteristics. We fully support the requirements of the Equality Act (2010) and the need for protection from discrimination, harassment and victimisation of individuals with protected characteristics as set out in the 2010 Act. Our Accessibility Plan has been informed by the views of our learners, parents/carers, staff, governors and wider community so that we ensure that it robustly addresses priorities for improvement and complements and supports the Equality Objectives set out in the school's Strategic Equality plan. The Accessibility Plan shows how access is to be improved for pupils, staff and visitors to the school within a specified timeframe and anticipating the need to make reasonable adjustments to reduce and eliminate identified barriers to accessibility. The school and governing body, will collect, analyse and publish information about our progress in achieving our improvement priorities as outlined in the Plan. These will be shared and published so that there is transparency and accountability. We will also aim to engage with our school community and wider partners to ensure that our Plan and the actions we take make a difference to the lives of individuals with disabilities in our school and to members of our school community.

Headteacher

Mr Chris Parker
Chair of Governors

Section 1: Introduction

Our school mission is aligned with the principles of the Equality Act (2010) and ensures that diversity is celebrated in our community school. Our school aims to treat pupils and the whole school community fairly and with respect. This involves providing access and opportunities for all without discrimination of any kind. Our school promotes equality of opportunity for persons with a disability and, by promoting a positive ethos, aim to eliminate discrimination related to disability. Schools are required under the Equality Act 2010 to have an Accessibility Plan. The plan will be made available online on the school website, and paper copies are available upon request. The school supports any available partnerships to develop and implement the plan. The Plan is subject to a rigorous monitoring and evaluation framework. Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

Section 2: Key Objective of the Accessibility Plan

The purpose of the Accessibility Plan is to reduce and eliminate barriers to access the curriculum and to ensure full participation in the school community for pupils, prospective pupils, staff, volunteers and visitors with a disability. The Accessibility Plan has been developed around three planning duties to identify improvement priorities relating to how our school will:

- Increase the extent to which disabled pupils can participate in the curriculum;
- Improve the physical environment of schools to increase the extent to which disabled pupils can take advantage of education and associated services;
- Improve communication with disabled pupils along with communicating to them information that is provided in writing for pupils who are not disabled, in appropriate alternative formats and taking account of any preferences expressed by them or their parents.

Section 3: Legislation and Guidance

The Accessibility Plan meets the requirements of Schedule 10 of the Equality Act 2010 which places a statutory duty upon schools to prepare an Accessibility Plan at least every three years. The Equality Act defines an individual as disabled if they have: a) a physical or mental impairment, and b) the impairment has a substantial and long-term adverse effect on their ability to carry out normal day-to-day activities. Under the Act, 'substantial' is defined as an adverse effect that is greater than having a minor impact and 'long-term' is defined as a year/12 month or more. Schools have a duty to provide reasonable adjustments which will enable pupils with disabilities to participate fully in their education at school and enjoy the other benefits, facilities and services/activities that school provides alongside nondisabled peers.

Section 4: Roles and Responsibilities

GOVERNING BODIES

To ensure compliance with the Act, the governing body:

- ensures that the school publishes its three-year accessibility plan;
- makes appropriate arrangements to monitor the plan's progress and effectiveness on at least an annual basis and issue a new plan on a rolling three-year basis;
- publishes information about the plan in the governors' annual report to parents;
- works in partnership with school leaders to complete the Accessibility Audit Tool for school and pre-school settings to inform the Accessibility Plan;
- undertakes regular training in disability equality issues and inclusion.

In order to meet its reporting responsibility, the governing body reports on the progress of the Accessibility Plan annually, as part of its Annual Report to Parents/Carers.

Senior Leadership Team

Senior Leaders in our school promote accessibility and eliminate discrimination by undertaking a cycle of development, implementation and review of their accessibility plan as follows:

- Auditing/Reviewing the outcomes of previous plans and completing an Accessibility Audit Tool to identify barriers to accessibility.
- Consulting with a range of stakeholders.
- Ensuring that the plan clearly identifies the school's short, medium and long-term desired outcomes and improvement priorities with clear implementation arrangements and timescales.
- Set specific and measurable targets/goals with clear timescales for evaluation.
- Implementing the accessibility plan and allocating adequate resources to support its implementation.
- Ensuring that a framework is in place, with an annual review of the plan in consultation with stakeholders to evaluate its success.
- Ensuring that all staff are aware of the Accessibility Plan, receive regular training in disability equality issues and inclusion and promote equality of access and opportunity for disabled learners.

Section 5: Engagement

The Brynnau Primary School Accessibility Plan has been developed through consultation with pupils, parents/carers, staff, governors and other relevant stakeholders that contribute to the whole school community.

An extensive range of different engagement activities have been undertaken to inform strategic plans. These include:

- An analysis of the survey responses or focus groups feedback on equality issues from a range of stakeholders including learners, parents/carers, staff, governors and the wider community. Some consideration was given to the analysing information according to protected characteristics to inform strategic planning;
- Learner voice activities and school council feedback;
- An analysis of school complaints;
- Feedback provided from parental consultation events and workshops;
- Feedback from annual review processes; and
- Outcomes from community cohesion events and activities.

When consulting, important consideration has been given to the most effective and reliable means of gathering information. Interpretation facilities have been put in place for those for whom English is an additional language or are newly arrived in this country. Modified materials and accessible formats

have also been used to ensure accessibility for those with disabilities or ALN.

Section 6: Information from Pupil Data and School Audit

To inform the preparation of our Accessibility Plan, we have undertaken a review of the progress made in relation to the improvement priorities and actions identified in our previous accessibility plan. In addition, we have used the RCT Accessibility Audit Tool to identify remaining barriers to accessibility and to inform specific and measurable actions we can take to address them.

The school's self-evaluation and school improvement planning processes have also informed the Plan and include analysis of pupil data where relevant.

Section 7: Staff Professional Learning

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues. Specific training needs in this area are identified and addressed during the performance management process. This is routinely undertaken on an annual basis and outcomes contribute to our professional learning plans in the school.

Section 8: Publishing and Monitoring Outcomes

The school provides a report detailing the Accessibility Plan and its evaluation of it to the governing body on an annual basis. Information is also detailed in the Governors' Annual Report to Parents/Carers.

The Plan and its evaluation is shared with parents/carers. The Accessibility Plan is monitored by the governing body. The local authority may request a copy of the Plan at any time.

Please see Appendix 1 for the improvement priorities and associated actions that our school has identified in our Accessibility Plan.
