Food and Nutrition Policy

2026 - 2028

Date agreed	March 2026
Review Date	March 2028
Name of school staff responsible for maintaining this policy	Mrs Beth Atkin (Headteacher) Mr L Bailey (Health & Well-Being)

Headteacher		Date:	March 2026
Chair of Governing Body:		Date:	March 2026

Introduction

As a school we are passionate about health and encouraging young people to become healthy, confident individuals who can make positive decisions for life. We recognise that learners spend around a third of their time at school between the ages of four and sixteen. The food and drink opportunities provided in school can make a positive contribution

towards providing children and young people with a nutritious balanced diet, positive food experiences and encouraging them to develop positive behaviours for life. This policy will enable learners to link the positive effects that good nutrition can have on health and wellbeing.

At Brynnau Primary School we are committed to encouraging our learners to lead healthy lifestyles. We believe that healthy learners will be able to take full advantage of the educational opportunities that the school provides. The partnership of home and school is critical in shaping young people, and their future health.

This policy should be read in conjunction with the following school policy:

- Curriculum

Rationale

The [Wellbeing of Future Generations \(Wales\) Act](#) has at its core an intention to improve the health, social, economic, environmental, and cultural wellbeing of Wales. Promoting well balanced, healthy diets will be a key component of achieving the ambitions within this Act. A poor diet is a major contributing factor to increasing levels of childhood obesity and associated health problems. In response to these concerns, the Welsh Government has produced [Healthy Weight: Healthy Wales](#), a long term strategy which outlines the vital role schools play as healthy settings to positively influence future life outcomes. In addition, [The Healthy Eating in Schools \(Nutritional Standards and Requirements\) \(Wales\) 2013 Regulations](#) sets out to improve the nutritional standards of food and drink provided in schools in Wales.

Aim

The aim of this Food and Nutrition Policy is to provide a ‘whole school approach’ to healthy eating and hydration in Brynnau Primary School by equipping learners with the knowledge, skills and experiences to establish and maintain life-long active lifestyles and positive eating habits. We at Brynnau Primary School aim to ensure that nutrition becomes integral to the overall value system of the school and a common thread of best practice that runs through the curriculum and the whole school community.

Objectives

- To ensure that all provision related to food and nutrition provided for learners throughout the school day are consistent with the curriculum, appropriate national guidance and regulations.
- To ensure that the school takes up opportunities to be involved in any local and national initiatives relating to food and nutrition.
- To ensure food, drink and snack provision is compliant with [The Healthy Eating in Schools \(Nutritional Standards and Requirements\) \(Wales\) Regulations 2013](#).

- To work in partnership with School Meal Providers to ensure that consistent messages about nutritional standards and healthy lifestyles are given to our learners through all their food and nutrition experiences within school.
- To offer a range of inclusive safe practical cookery activities to continually develop essential skills and a lifelong love of food and cooking.
- To ensure food and drink provision is healthy, nutritious, affordable and attractively presented to help make the healthy choice an easy choice for learners. This includes ensuring that healthy options do not run out and are displayed at an optimum level for all learners to see and reach.
- To ensure all learners have access to fresh, free drinking water throughout the day and understand the benefits of hydration on health, wellbeing and concentration.

United Nations Convention of the Rights of the Child (UNCRC)

We recognise that all learners have rights under the 54 Articles of the UNCRC. The rights below underpin and shape our health and wellbeing curriculum and school policy:

UNCRC Article	An inclusive health and wellbeing curriculum that...
Article 6 the right to life and to grow up to be healthy	Develops knowledge and skills to identify and develop positive informed behaviours for a healthy lifestyle.
Article 13 the right to have information	Supports learners to understand the factors that affect physical health and wellbeing, such as a nutritious balanced diet.
Article 24 and 28 the right to nutritious food, clean water and education	Provides experiences that enables learners to become healthy, confident individuals and opportunities to choose, prepare and eat a range of foods that can support a nutritious balanced diet.

Our Curriculum

Developing physical health and wellbeing has lifelong benefits and our Health and Wellbeing Curriculum will ensure that:

- Learning about food and nutrition enables learners to realise the [four purposes](#) of the Curriculum for Wales.
- Learners are taught to understand the relationship between food and nutrition and short- and long-term physical and mental health.

- The impact of sleep on mental health & wellbeing is explored within learning opportunities in the curriculum.
- Learners are provided with consistent key messages for good oral health.
- Opportunities for cross curricular links are explored and developed.
- All teaching and learning resources reflect current local and national guidance.
- The school promotes environmental and sustainable initiatives such as Eco Schools and Forest Schools.
- The [Food Competencies](#) are explored, include the themes of: Diet and Health, Consumer Awareness, Cooking, Food Safety and Active Lifestyles. (These apply to young people aged between 5-16+ years).
- Learners are given opportunities to choose, prepare and eat a range of foods that can support a healthy balanced diet using the Eatwell Guide.
<https://www.nhsdirect.wales.nhs.uk/lifestylewellbeing/theeatwellplate>.
- Learners acquire the basic skills in planning and preparing food to enjoy a nutritious balanced diet.
- Learners will be given the opportunity to examine the influences of food choices, including the effects of the media through advertising, marketing, labelling, and packaging of food.
- Learners are given the opportunity to learn food provenance and its impact on the environment e.g. growing, farming, transportation.
- Learners are provided with consistent key messages for good oral health.

The Informal Curriculum

Our school recognises the significant impact of *the informal curriculum* on the personal, social and emotional education of learners as well as their physical health and wellbeing. Therefore, food and nutrition themes will be promoted through the informal curriculum which encompasses the values and attitudes promoted within the school, the physical environment and setting of the school (see Appendix 2).

Leadership and Communication

- The governing body will nominate one or more individual governors to take specific responsibility for the Food and Nutrition policy at Brynnau Primary School.
- The School Council and Eco Committee are actively involved with the development and implementation of the Food and Nutrition Policy.
- The Senior Management Team will ensure that there is adequate training and resources for staff involved in the delivery of the aims and objectives of the school's Food and Nutrition Policy.
- The Senior Management Team and governors will monitor progress at regular intervals
- The policy will be reviewed biannually to take account of national and local initiatives and resources relating to food and nutrition.

Roles and Responsibilities

The Governing Body

The [Healthy Eating in Schools \(Wales\) Measure 2009 \(legislation.gov.uk\)](https://legislation.gov.uk) and The Healthy Eating in Schools (Nutritional Standards and Requirements) (Wales) Regulations 2013 places a duty on the governing body of a maintained school to:

- Include in their Annual Report information on the actions taken to promote food, nutrition and hydration.
- Take reasonable steps to ensure that a learner cannot be identified by any person, other than a person authorised under the legislation, as a learner who receives a free school meals.
- Ensure systems are in place to inform families of their entitlement to free school meals.
- Encourage the take-up of school meals and take reasonable steps to ensure that every learner who is entitled to receive free school meals receives them.
- Updates on school food and nutrition actions will also be included in any newsletters and social media to parents and carers.
- The school is delivering a broad and balanced cross curricular programme of food and nutrition to all learners.

Headteacher/senior leadership will ensure that:

- The school ethos and environment reflect the school policy.
- School Meal Service comply to current guidance (Nutritional Standards and Requirements) (Wales) Regulations 2013.
- Parents/carers are made aware of their entitlement for their child to receive free school meals as appropriate.
- There is adequate training, information, instruction, induction and resources for staff involved in the delivery of the aims and objectives of the school's Food and Nutrition Policy.
- A planned and appropriate food and nutrition curriculum is provided for all learners throughout the school year.
- Consistent messages are promoted through the formal and informal curriculum.
- The school does not advertise branded food and drink products on school premises, equipment or books and will ensure that any collaboration with business does not require endorsement of branded or specific company products high in fat, sugar or salt.
- Updates on school food and nutrition actions will be included in the Annual Report to parents and carers.
- Provisions are in place for recycling of food waste.
- There is engagement with national/local learner voice surveys that help inform the School e.g. School Health Research Network.
- Free access to drinking water is available to staff and learners and not placed within school toilets.

- Lunchtime and break time is organised to allow adequate time for all learners eat in a civilised environment with a minimum of queuing.

All teaching and non-teaching staff to ensure that they:

- Act as positive role-models for learners by drinking water and eating nutritious food.
- Ensure consistent messages are provided/ mixed messages are avoided in relation to food, nutrition and oral health.
- Support implementation of the school policy.
- Deliver effective food and nutrition education as agreed in this Policy.
- Encourage participation in local and national initiatives.
- Promote nutrition in accordance with school guidance.
- Help and encourage learners to select balanced food choices at lunchtimes.
- Use non-food rewards such as praise, house points etc.

Learner, Family and Community Involvement

As a school we will ensure a whole school approach is taken to improve the wellbeing and equity of opportunity to all learners in relation to food and nutrition. We aim to involve all members of the school community in our commitment. This will be achieved by:

- Encouraging the provision of nutritious food and snacks from home through the curriculum, by giving information to parents and carers, and in partnership with key community and health agencies.
- Involving learners in promoting nutritionally balanced eating within the school community and have a role in decision making (planning and developing actions, policy development / review).
- Ensuring families are made aware of community-based programmes to support children's health and support for families in food poverty.

The role of parents and carers

We ask that Parents/Carers endeavour to:

- Support the policy.
- Provide nutritious packed lunches if food is brought in from home.
- Apply for their child's Free School Meals if entitled to do so and apply for the Universal FSM as they are offered.
- Provide fresh fruit and/or vegetables for snack.
- Provide a clean drinking water bottle for fresh, plain water only.
- Support and engage with school, local and national initiatives where appropriate.

The role and responsibilities of learners We

ask learners to:

- To develop their own routines to maintain personal care and hygiene where nutrition, oral health and hydration are concerned.
- Attempt to make healthy choices and consider nutrition when choice is available.
- Drink plenty of water to keep hydrated throughout the school day.
- Take opportunities to participate in learner surveys and learner voice groups.

Equality Statement

This school/setting recognises that people have different needs, requirements and goals and we will work actively against all forms of discrimination by promoting good relations and mutual respect within our community and between Learners, parents, staff, governors/management committee members and partners.

We will also work to create equal access to support, for everyone, irrespective of ethnic origin, sex, age, marital status, sexual orientation, disability, gender reassignment, religious beliefs or non-belief, use of Welsh, BSL or any other language, nationality, responsibility for any dependents or any other reason which cannot be shown to be justified.

Monitoring, evaluation and dissemination

- Implementation of this policy will be monitored by the Headteacher and members of the Governing Body
- It will be ratified every two years but reviewed annually or earlier if necessary
- The School Council/relevant learner voice group are actively involved with the implementation and review of this policy.
- Aspects of this Policy will be replicated in the School Prospectus, Teams shared areas on the school network and staff handbook.
- Parents may request a paper copy of the Policy from the school.

The following members of the school community were consulted on the development of this policy:

- Senior Leadership team
- School Council / Eco Committee
- Parents
- Governors
- Healthy Schools Co-ordinator

The Governing Body will include actions taken to promote healthy eating and drinking in the Annual Report to Parents.
